PEASLEY'S CEMENT!

Everybody Should Have a Bottle,

THE REASONS WHY.

Because with this Cement you can effectually join together equally well,

WOOD, GLASS, IVORY, LEATHER, CHINA, MARBLE OR RUBBER.

Wood when united by this Cement, cannot be again separated in the same place, but will sooner break elsewhere.

It is Fire and Water Proof!

Will stand any temperature. Being a Liquid it is always ready for use!

Being colorless, it is the best article in use for mending GLASS, CROCKERY, MEERSCHAUM PIPES, &c., &c.

It is the most Adhesive of any Cement Ever Offered to the Public; therefore More Desirable than any other Cement or Glue!

The Home of General Grant.

The home of Gen. Grant is an agreeable one to the visitor, and plainly shows the nature and taste of the occupant. Tall walnut book cases surround three sides of the library. Everything relating to war is there, and histories in abundance. The usual display of fiction, essays, biography, philosophy and works of general information and reference line the shelves. On the mantle is a cigar stand, a bronze statuette of a drummer, and another of a bugler. Engravings of Washington, Lincoln, Sherman and Sheridan, and several photographs of Rogers' statuettes are the only pictures in the room. Easy chairs and lounges are placed carelessly about the room, and the library is without doubt the most cheerful and inviting apartment in the house.

A miniature saddle and trappings in bronze and a large ... fastened to cross a sabre of the same metal. A bronze drum rests beside a stack of six inch muskets; a cigar case from the home of Burns; a half a dozen curiously formed and elaborately decorated pipes and cigar holders; powder horns, mounted in gold and silver, each having its separate history, and a hundred rare little articles of verta adorn the tables and mantles. On a side table in tin boxes are the five military commissions for Colonel, Brigadier-General, Mayor-General, Lieutenant General and General, with the parchment of brevet ranks which Grant has received. Some very costly albums, prayer books and bibles are also upon the table. An oil painting of Sheridan, and one of McPherson, are prominently hung in the parlors and a marble bust and an engraving of President Lincoln are also conspicuous.

NEWPORT DAILY NEWS.

THURSDAY, June 18, 1868

FOR PRESIDENT,
ULYSSES S. GRANT.
FOR VICE PRESIDENT,
SCHUYLER COLFAX.

STRANGERS AND SUMMER VISITORS spending the season in Newport will find it to their advantage to consult the advertising columns of the *Daily News* before selecting their places of trade. They will find, carefully arranged under appropriate heads, the names and places of business of our leading merchants and artisans of all classes, and may thus be enabled to make, by comparison, more satisfactory arrangements than a limited acquaintance in Newport would otherwise allow.

Enthusiasm for Grant.

Some of the democratic journals are distressed at what they call the lack of enthusiasm for the Republican candidate for the Presidency. People do not toss up their hats for Grant, there is no tumultuous applause when he appears in public and so on.

The Evening *Post* very properly suggests that one reason for this is that Grant is not in the habit of tossing up his own hat; his manners are simple; he does not court applause; he dresses plainly, talks in a quiet way, and has ever since he has been known to the American people conducted himself in a way to persuade people that shouts and public praises were not welcome to him.

In this he differs widely from some others of our public men, whose highest ambition is to be stared at, flattered and surrounded by adulating crowds. Grant's highest ambition, on the contrary, has always been to do his duty. That has been sufficient for him. He was never the favorite theme of newspaper correspondents at any time in the war. Whomever they might praise, they generally had few words for Grant. When he came to the East, and made his headquarters with the Army of the Potomac, we remember hearing old soldiers of that army express gratification at the fact that he did not exhibit himself in splendid array to the soldiers and court their shouts; he moved quietly about; no shining and numerous staff accompanied him on his daily ride, no conspicuous escort or bodyguard marked his presence in the field; and when he first went to Culpepper the men who had been accustomed to the splendor displayed by General McClellan, were amazed to see the General of the Armies walk to the railway station in the morning, with a single orderly to carry his carpet bag, leaving the formal escort at their wits' end for a duty to do.

If it is a crime or an offence to love plain ways, or a simple life; to avoid what General McClellan conspicuously courted—military pageants and unrepublican demonstrations of regard for his person—if he be utterly unspoiled by his remarkable fortunes is an offence in General Grant, then he is certainly a great offender. For it is unquestionable that he is now as plain in dress, as quiet in his habits, as simple and unassuming a citizen as he was when he entered the army as colonel. He is content to do his duty; this is, as it has been, the alpha and omega of his thoughts; and the American people who know how to respect and value the kind of character he has developed, do not think the less of him that he does not court the noisy plaudits of crowds.

We should have fallen very low indeed if as a people, we knew not how to appreciate the sterling character of a man like Grant; if we needed in a candidate for the Chief Magistracy, that he should court, and create personal devotion for himself in his adherents, and thus make the political struggle a personal one. If that were necessary, then truly Grant would not be so good a candidate as the first glib-tongued demagogue who could be picked up in the taverns of New York.

FIRE.—The fire at Pawtucket in the mill of Dexter Bros. lasted about two hours and a half, and called together a large crowd of people. By the efforts of the firemen the building was saved, but all the machinery was completely drenched. The insurance is in the following offices:

Continential, New York, $5,200; Merchants, Providence, $5,200; Hartford, Conn., $5,200; City Fire Insurance, Hartford, $5,200; Manhattan, New York, $5,200 Albany City, Albany, $5,200; Ætna, Hartford, $6,200; Atlantic Fire and Marine Insurance Company, Providence, $5,200; Hope Fire Insurance Company, Providence, $5,200: and the United States Branch of the North British Mercantile Insurance Company, $5,200.

A RAINBOW AT MIDNIGHT.—The St. Paul (Minn.) *Press* says that on Thursday night of last week, as a severe thunder storm, which came up about midnight, was passing away, the moon shone out brightly, and a beautiful rainbow, complete in all its parts spanned the northern horizon. The different colors could be distinguished, and the bow remained for some time almost as bright as many of those caused by the direct rays of the sun.

PICKPOCKETS.—Numerous robberies occurred on the Bristol boat coming from New York, Monday night. There seemed to be a party of professionals coming to the races, who improved the opportunities so temptingly offered in a crowd of thirteen hundred passengers, to secure means to bet on the horse. The state-room blinds were cut out in one case, and a man's vest abstracted. One lad picked up three pocketbooks as he was driving his cows across the railroad track just this side of Bristol, after the train passed.

The New Bedford Standard says the legislature having passed one sensible act, by which three women are to be appointed on the board of trustees of the State Industrial School for girls, at Lancaster, we learn that Mrs. Rachel S. Howland, of this city, will probably receive one of the appointments.

A Washington dispatch says, that Professor G. W. Greene of Rhode Island is at work on the archives of the State department, obtaining documents for the third volume of the Life of Major General Greene of Revolutionary fame.

The Providence District Ministerial Association.

This city has been but a few months organized, as such, and a stranger would never suppose himself in "the city full" by tarrying here.

The Association is holding its session with the First Church, Rev. C. H. Titus, formerly of Newport, pastor.

MONDAY EVE, 7.45.

Rev. S. A. Winsor of East Greenwich preached a very interesting sermon from II Timothy, 4-7, "I am now ready to be offered." His subject was "The antagonistic elements with which christianity contended in its early days."

TUESDAY MORNING.

The Association met this morning at 9 o'clock. Religious services were conducted by Rev. Mr. Livsey, of Middletown. The Presiding Elder, Rev. Dr. Brown, having arrived, took the chair.

Rev. James A. Dean, of the Power Street Church, Providence, was elected Secretary for the year.

Rev. J. M. Bidwell, of Providence, read his essay, the subject of which was: "The condition of the dead, between death and the resurrection." This was a good essay, somewhat out of the ordinary groove of thought on this subject, and elicited a great deal of discussion.

In the afternoon, Rev. J. A. Dean read a review of "Ecce. Homo," after which a Committee, appointed at the last meeting of the Association "to take into consideration the feasibility of holding a Camp Meeting in the Blackstone Valley," reported.

Considerable discussion followed, when the matter was laid over until 9 A. M. tomorrow morning.

EVENING, 7.45 o'clock

Rev. H. W. Conant preached an instructive sermon from Prov. 29, 27. Subject—"Conflict Between Right and Wrong."

WEDNESDAY MORNING.

The Association was called to order by the President.

The Religious services were conducted by Rev. P. Townsend.

The report of the Camp-Meeting Committee referred to yesterday was the question for the forenoon and was very fully discussed. During the discussion Martha's Vineyard Camp-Meeting was rather promiscuously mixed up with the matter, until at last a committee was appointed to prepare resolutions in reference to that meeting, which should aim to correct many crying evils now supposed to exist, rendering the meeting lacking in spiritual power. The Committee on temperance reported. This report was exceedingly encouraging; eight thousand children in the State of Rhode Island have pledged themselves to total abstinence, 20 Auxiliary Societies have been formed. An agent has been employed and is now in the field. $2000 has been subscribed and paid in, with the promise of $3000 more.

Power Street Church was the place appointed for the next meeting.

Adjourned.

WEDNESDAY 2. p. m.

The meeting was called to order by the Secretary. Rev. George M. Hamlen was elected Chairman *pro tem.* Religious services were conducted by Rev. E. H. Hatfield.

Committee appointed to write letters of condolence to Rev. Dr. Coggeshall, (whose wife has just passed away) reported, and the report was adopted.

The Committee of Martha's Vineyard Camp-Meeting Association reported the following resolutions:

Resolved, That we deem it our duty to examine carefully any action of the Martha's Vineyard Camp-Meeting Association, which will tend to reduce the power of the ministerial element in the management of said meeting.

2. That as ministers we will unite in requiring that the constitution of said meeting require all its officers to be members of the Methodist Episcopal Church in good standing.

3. That we will co-operate with the P. E. in sustaining the means of grace and pledge ourselves to preach whenever called upon, and do whatever other duties shall be required of us, to advance the spiritual success of the meeting.

4. That we recommend the appointment of a committee to see that the foregoing resolutions be sent to each of the ministers on the District and a response be obtained from them.

Voted, That Revs. King, Ela, and Bates be the committee to circulate the above resolutions and obtain the responses and bring them to the meeting at the Vineyard.

These resolutions excited a great deal of lively and earnest discussion, but were finally adopted, and the meeting dissolved.

Benediction pronounced by Rev. Mr. Livsey.

SCARLET FEVER.—Seven children lay dead of scarlet fever in different parts of the village of North Adams on Monday of last week. The scourge is making alarming havoc among the little folks of the town.

The New Bedford *Standard* says Messrs. Brock & Gifford will open their store at Wesleyan Grove, Martha's Vineyard, to-morrow, and will remain till September.

PERSONAL.—Commodore Vanderbilt is in Providence attending the races. He came in the Yacht Fleetwing.

The moulding and planing mills of John S. Loomis, located in Wyckoff street, Brooklyn, N. Y., were destroyed by fire Monday evening. Several adjoining buildings, occupied as stores and tenement houses, were burned. Loss sixty thousand dollars, of which Loomis sustains forty thousand dollars, and Hart & Co., sash and blind manufacturers, eleven thousand dollars.

THE CHINESE EMBASSY.—The Providence *Journal* says immediately on the return of Governor Burnside from Newport, an invitation was sent by him to the Chinese Embassy, to visit Rhode Island, in accordance with a resolution of the General Assembly. Although no reply has been received from the Embassy, we are glad to learn that there is every prospect that we shall be honored with a visit.

Huckleberries have made their appearance in New York.

About Home.

PERSONAL.—Mr. Charles H. Russell whose summer residence is on Narragansett Avenue has tendered his resignation as President of the Bank of Commerce in New York. This bank has a capital of $10,000,000 nearly one half of which is owned in New England. The Providence *Journal* says that $1,000,000 of the stock is held in Rhode Island alone. The *Journal* very properly suggests that as our citizens hold a million of dollars in the Stock of the Bank, it may be interesting to them to learn a few facts which we gather from the fourth annual statement which is before us. Its loans and investments in public securities reach nearly 22 millions. Its surplus fund and profit, $3,661,754. If to this be added the current market premium on government securities it will exhibit the capital and surplus at $14,161,754, which is equal $141.61 for each share of its stock. This is a remarkable statement for a bank with so large a capital, and gives evidence of most skillful management.

On the retirement of Mr. Russell the following resolutions were adopted by the Board of Directors:

Resolved, That the Board, reluctantly accepting the resignation of Charles H. Russell of the Presidency of the bank, desires to express its appreciation of the signal ability and fidelity with which he has promoted the best interests of the institution, in the management of which he has borne an active part from its organization in 1839, under the State law, to the present time.

He was one of the original directors of whom but three, Messrs Stevens, Pay and himself, now remain members of the board and we cordially acknowledge the sagacity, sound judgment, courage and prudence with which he has at all times strengthened its counsels and aided in securing the interests of the share-holders and of the community.

With energy he co-operated in the very important measure of converting the bank into a national institution, and in procuring from Congress such modifications of the act under which it is established as were essential to the interests of the shareholders.

On his withdrawal from the Presidency, the duties of which he temporarily assumed on the retirement of Mr. Stevens, who for twenty-six years filled the office to the entire satisfaction of his associates, the Board tender to Mr. Russell their thanks for the ability and efficiency with which he has discharged those duties, and the assurance of their respect and regard, and of their best wishes for his happiness.

PENCIL HOLDER.—We have found great difficulty in keeping our lead pencils more than a few hours. Myers' Patent Pencil Holder is just the thing needed.—Ward has them.

PICKED UP.—The hull of a sloop of about 12 tons was picked up adrift 13th inst., about three miles N. W. of Block Island, by Captain Benjamin Baker, of sch. Active, of New Bedford, and towed into Newport same day. The bottom was out. This is supposed to be the hull of sloop Belle of Fall River, from which two men were drowned two or three weeks since.

THEATRE COMIQUE.—The advertisement of the Theatre Comique will not be overlooked. This company appears at the Opera House to-morrow and Saturday evenings. The Box Office is now open.

A NEW STEAMBOAT ENTERPRISE.—The *Press* learns that a movement is on foot which is endorsed by the Messrs. Sprague to place a suitable steamer on the route between Newport, Jamestown, South Kingstown, Narragansett Pier, and Dutch Island, touching at Fort Adams each way and connecting at the last named point with the steamers of the Providence and New York Steamboat Co., to and from New York and Providence. The new wharf at Dutch Island is being placed in a suitable condition for the steamer to land at, and will be ready in about a week. We are informed that it is intended to place a steamer on the route and then call upon the people of Jamestown and South Kingstown to decide indefinitely whether they will furnish the moderate amount that will be required to retain her there permanently.

NEWPORTERS IN NEW YORK.—Four of the large Banks in *New York* city have had natives of Newport for Presidents for the several past years viz: Charles H. Russel, of the Bank of Commerce; G. S. Coe, of the American Exchange Bank; J. F. Williams, of the Metropolitan Bank and A. G. Silliman, of the Merchants Bank.

QUARTERLY MEETING.—The Rev. Dr. Brown, Presiding Elder, will makes his quarterly visit to this city this week. He will meet the Quarterly Conference of the Marlboro street Church this evening, and will be at Thames street to-morrow evening. As the notice was not given on Sunday, those interested will take special notice of the arrangements.

THE KINGSTON MURDER.—There are rumors at Plymouth that Andrews is prepared to confess that he killed Cornelius Holmes, but alleges that the deed was committed in self-defence. It was expected Tuesday morning that the confession would be prepared and made public in the evening. It is stated that the search made at Andrew's house disclosed the fact that he had been a petty thief, meal-bags that had been stolen when full from stores near by being found there empty. The Grand Jury meets to consider his case to-day.

During a recent storm in Charleston, S. C., which blew down the mammoth tent of Ames' Circus, one of the spotted leopards, which had been left in the same cage with a tiger, was killed by the latter and half eaten before the occurrence was discovered. It has been usual to separate the animals for the night immediately after the evening's performance, but from some oversight this was neglected.

A Chicago court has decided that a telegraph company is responsible for error in the transmission of a dispatch, even if the dispatch is not repeated.

On Wednesday evening, a Cincinnati whiskey barrel, which had been kept standing in the sun all day, exploded with a loud report, and blew the head forty or fifty feet into the air.

New Bedford.

GREAT STORM.—New Bedford was visited by a severe storm on Tuesday evening an account of which is given in the *Standard* as follows: Last evening, about half past 10 o'clock, we were visited by the heaviest rain storm known here for many years. It was accompanied by terrific lightning and thunder, and lasted about two hours. The streets were badly washed in all directions, every one being converted into a roaring torrent, and in many places the water was boot-leg deep on the sidewalks. Brooks overflowed, sewers were washed away, and gardens were inundated and destroyed. For some time it did not seem to rain; the water fairly came down in streams and sheets.

Sycamore street, between Walden and Pleasant streets, has been very badly washed, and below State street it is impossible for teams to pass. The sewer, about midway between State and Pleasant streets, which receives the contents of a brook just above, has fallen in, and all the earth and gravel has been carried off by the flood of water. The excavation is all of 5 feet in depth and 10 feet in width, and $200 cannot repair the damage done at this point. The cellars in that neighborhood are more or less flooded. In the cellars of house corner of Walden and Sycamore streets, occupied by Mr. David Clark, part of which was used as a kitchen, the water was about two feet deep, and bread was washed out of the stove oven. The south side of Middle street, above Sixth, is badly gullied. Franklin and Merrimac streets are in very bad condition.

Some of the walks on the Common are badly gullied, and large quantities of sand and gravel have been carried into Purchase street, which is filled a foot deep with earth for a considerable space.

The railroad track in the passenger station on Pearl street was covered with water five inches deep when the building was opened this morning.

A large tree on the lot owned by Hon. George Howland, Jr., between Allen and Dartmouth streets, was struck by lightning, and broken into cord wood. The shock was terrific, shaking the surrounding portions of the city for a quarter of a mile or more, and the air was filled with sulphurous fumes for an equal distance.

Tripp's brook in the southwest part of the city over-flowed its banks in all directions, and many basements were flooded, and gardens damaged.

The whole district east of Water street, between Cannon and Grinnel streets, commonly called "the marsh," is afloat, and communication is kept mostly by boats. At this point the drainage of a large district can only pass off by a bridge through Prospect street. To-day noon the water was over a foot deep in the lower part of Howland street and in Front street it must have been two feet or more. The operatives at the New Bedford Glass Works had to wade knee deep to get to their work this morning.

Superintendent Terry estimates that the damage to our streets will not fall short of $2,000.

The rain fall, according to Mr. Samuel Rodman's gauges, was 2¼ inches, most of which fell during the first hour. This is one quarter as much as the entire rain fall of last month.

The barn of Mr. Jesse Tucker, on the Tucker road, Dartmouth, was struck by lightening, and an ox valued at one hundred and twenty five dollars was killed.—The lightening passed out at a window behind the animal. A cow standing near the ox was not injured. We hear that several other localities in Dartmouth were struck.

The rain was very severe through Dartmouth and the north part of Westport, but did not extend far to the north and east.

Narragansett.

The Narragansett Pier Railroad Company was granted a charter by the General Assembly, at its late session at Newport. It is understood that the corporators will soon commence operations on this much needed road, and push it to completion as soon as possible.

The new hotel in course of construction at Narragansett Pier, (says the *Narragansett Times*,) is nearly completed. The building is of colossal proportions. It contains large and elegant rooms—the dining-room is 45x83 and the ladies' parlor 20x34. The halls are wide and spacious. The house will accommodate 150 boarders.

Fall River.

The *Times* says the tower of the Catholic Cathedral in this city is fast progressing. When completed according to the original plans it will be an ornament to the Church. —The whole structure when finished will be an addition to the architectural beauties of the city.

We have heard it said that the American Print Works Co., intend to place an illuminated clock in the tower of their main building, when completed. This will be an excellent accommodation to all the people in the city. Now let our Catholic friends place a chime of Bells in the tower of their Sanctuary. It would be a movement which no doubt would meet with the hearty encouragement of the citizens.

We learn that the staunch and fast steamer Canonicus, will make two trips to Rocky Point on the Fourth of July next; one from this city and one from Providence.

Mlle. Irma Marie, a charming French vocalist and actress, will arrive in this country early in July.

The statement that Hon. Wm. Hancock, who died at Dudley recently, at the age of seventy-six, was a lineal descendant of John Hancock, is incorrect, that gentleman having been childless.

A New Orleans druggist has been sued for $35,000 for a blunder in putting up a prescription, which caused the death of a lady.

A streak of lightning entered a school in Illinois recently and took a pair of boots from a little boy's feet and hurled them at the head of the master, much to the delight of the pupils.

Business Notices.

A GENTLE STIMULANT.—There are many sick persons who become tired of the use of whiskey. The Concentrated Extract of Rye contains all that is valuable in whiskey, without its hurtful ingredients. C. A. RICHARDS & CO, 99 Washington street, Boston, largest Retail Wine and Spirit House in America.

THOSE WHO ENJOY SICKNESS should be careful not to take SONOMA WINE BITTERS, as no one can be sick who uses them regularly. Regularly put up by C. A. RICHARDS & CO., 99 Washington street, Boston, who are sole proprietors.

BEAUTIFUL AND OF UNIFORM EXCELLENCE. A well-known, safe, and speedy agent for restoring gray hair to its original color, for preventing the loss of the hair, for promoting its healthy growth and increasing its beauty, a gentle but certain cure for baldness, and an essential toilet requisite for all who prize that choicest gift of nature, a beautiful supply of hair: the above is said by all who use Mrs. S. A. Allen's Improved (*new style*) Hair Restorer or Dressing, (*in one bottle*. Every Druggist sells it. Price One Dollar. au29—1m

A DRAY HORSE can only be relied on to last for a few years at most but by proper and constant insurance the drayman relieves himself of the necessity of renewing the animal during his life-time, by transferring that expense to the Company. Thus with a single purchase, the perpetual use of a faithful horse may be secured to a poor man and his heirs by the simple provision of Living the ÆTNA, at a small price, to assume the burdens of substitution whenever death occurs. All information as to rates and terms, can be ascertained of the Agents, DAVIS & PITMAN, 13 Church Street.

Science Advances.

As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powders, &c., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length HOSTETTER'S STOMACH BITTERS made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them. There have been many spurious Bitters palmed upon the community, which, after trial, have been found perfectly worthless, while HOSTETTER'S has proved a blessing to thousands, who owe to it their restoration to health and strength.

For many years we have watched the steady progress of HOSTETTER'S STOMACH BITTERS in public estimation, and its beneficient effects as a cure for all complaints arising from the stomach, of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation, after years of careful study and sifting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and is therefore demands the attention of the afflicted.

A FAMILY REMEDY.—No family should be without some efficacious remedy for the cure of affections, so universally prevalent, as coughs, colds, sore throat, whooping-cough and croup—some remedy, too, which can be relied upon as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry combines this desideratum.

A Permanent Tonic.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medicinal stimulants, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP,

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its *Life Element*, Iron.

Being free from Alcohol in any form, *its energizing effects are not followed by corresponding reaction*, but are permanent, infusing STRENGTH, VIGOR AND NEW LIFE into all parts of the system, and building up an IRON CONSTITUTION.

WM. C. STERLING, Esq., of Poughkeepsie, N. Y., says:

"Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate.

"There is an old Physician in this city, (older than I am,) who has been in the Drug business for 40 years, who has used the Syrup for three months, and gives it as his decided opinion, that it is the best Alterative Tonic Medicine he ever knew."

For DYSPEPSIA, DEBILITY, and FEMALE WEAKNESSES, the Peruvian Syrup, is a specific. A 32-page pamphlet sent free. The genuine has "PERUVIAN SYRUP" blown in the glass.

GRACE'S CELEBRATED SALVE.

We are constantly hearing favorable reports from those who have tried this remedy. Amy Anthony, wife of Mark Anthony, of this city, and living at No. 8 Locust street, afflicted with a felon on the finger, was recently induced to make a trial of the Salve.—Almost instantly she experienced relief from the pain, which had been almost unendurable. Every other remedy but this proved unavailing. Those who have tried it once are satisfied of its merits, and nothing will induce them to be without a supply.—*Fall River News.*

American & Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
78 State Street, Opposite Kilby Street
Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of Inventions.

During eight months the subscriber, in the course of his large practice, made on twice rejected applications, SIXTEEN APPEALS; EVERY ONE of which was decided in his favor by the Commissioner of Patents.
R. H. EDDY.

Testimonials.

"I regard Mr. Eddy as one of the most capable and successful practitioners, with whom I have had official intercourse. CHARLES MASON.
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. Labor-Saving Implements.

THE PUBLIC are invited to examine my stock of LABOR-SAVING IMPLEMENTS at the Clipper Manufactory, at the head of Commercial Wharf, in this city.

Of the CLIPPER MOWER, no word of praise is called for. Its superiority is patent everywhere.—We would urge the importance of ordering now while they can be obtained.

The Great Trial at Auburn, N. Y., 1866.

The Clipper triumphant; 1st premium of Gold Medal awarded in Class VI as a Mower; also, a 2d premium of $25, an unprecedented increase of sales sanction the award, and the Clipper has taken its legitimate rank as the most perfect machine in principle, material, workmanship, symetry and execution. Thousands fail to supply the demand, annually increasing as it is more widely distributed. Please examine it critically in comparison with others.

Would the farmer avail himself of the

Last Evening's Specials.

FROM WASHINGTON.

WASHINGTON, June 17, 1868.

The specials to the Boston Journal says the galleries of the Senate were filled with ladies soon after noon to-day to witness the reception of the Chinese Embassy. The Senators were all supplied with new palm leaf fans, perhaps in honor of the visitors from the Celestial Empire. It was noticeable that not a single member of the diplomatic corps was present. The diplomatic gallery was empty. Just before 1 o'clock the embassy arrived at the northeastern portico in carriages. A double row of metropolitan policemen kept open an avenue up the steps. At the door the embassy was met by the special committee, Senators Sumner, Hendricks and Sherman who were introduced by Mr. Burlingame to his associates. The party consisted of Mr. Burlingame, the two Mandarins and the two European Secretaries from the Imperial diplomatic School at Pekin. Mr. Burlingame and the two Secretaries were dressed in full suits of black and the Chinese wore their feminine looking garb, including their straw hats of the sandown pattern, which they did not remove. Passing in procession along the corridors, escorted by the Capitol police, the Committee and the embassy entered the Senate chamber at one o'clock. The programme of presentation and of reception which I telegraphed last night was carried out and Mr. Burlingame and his associates then took some arm chairs placed in the area before the President's chair. The Senators were then individually introduced. The Chinese put on their big spectacles to get a good look at them. An amusing pantomine ensued. Two of the attaches, however, speak English, Mr. Burlingame informed a New York Senator that he should attend the dinner to be given to the Embassy in New York city on the twenty-third of this month, accompanied only by the two Mandarins and the two European Secretaries, and that they should return here. The entire Embassy will probably reach Boston about the middle of July.

General Grant has not yet returned from West Point, but is every day expected.

Commodore Joseph F. Green, Captain J. R. M. Mullany and Commander J. L. Davis have been appointed a Board to select suitable sites for naval powder magazines agreeably to acts of Congress.

Treasurer Spinner and other officials have been prostrated by the recent severe heat but are not seriously ill.

A special dispatch to the *Press* says Chief Justice Chase arrived here yesterday from his recent visit to the South. Last evening he visited the White House and had a long interview with President Johnson.

It is learned from high and reliable source that the political condition of the South and the prospective nomination to be made at New York, by the Democratic Convention, next month, formed the themes of conversation between the President and the Chief Justice.

The reconstruction committee is in session this morning, and will continue its meeting late in the day. The two subjects under discussion are the division of Texas into three or more States, and the best means of securing the adoption of the Virginia constitution

Several petitions from parties in Texas and elsewhere are before the committee asking for division of the State, and Mr. Stevens has a bill prepared which has been offered in the House and recommitted. It will probably be reported again, but it is not expected that any action will be taken on it this session. Parties are before it to-day from Virginia urging the adoption of some legislation which will secure the ratification of the constitution of that State. If this is not done it is alleged that the constitution will be lost.

THE BOSTON BANK DEFALCATION.

—o—

TOTAL LOSS $575,000.

BOSTON, Mass., June 17.

The defalcation in the Hide and Leather National Bank, in this city, is ascertained to be $575,000. The surplus of the bank is $350,000, which leaves a deficit in the capital stock of $225,000.

The directors think that a portion of this loss will be made up from premiums on government securities owned by the bank and by assets on account of the defaulters, so that the capital stock will be but slightly impaired

DR. BABCOCK'S

Hair-Dressing,

FOR SALE BY ALL

DRUGGISTS,

Price, One Dollar.

Scientific research cannot furnish an article for the Toilet superior to this.

State Assayer's Office, 20 State street, Boston, October 13th, 1861.

Dr. George W. Babcock: Sir—I have analyzed and tested the Hair Dressing received from you, with the following results:

It is free from silver, lead, sulphur, acids, alkalies or injurious substances of any kind.

It is skilfully prepared, containing valuable medicinal ingredients, which are known to stimulate the growth of the hair; and I can recommend it as a superior preparation, and one that may be used with entire safety.

Each bottle contains twelve fluid ounces. Respectfully, (Signed) S. DANA HAYES, State Assayer of Massachusetts.

It stimulates the growth of the hair, keeps the head cool, moist and clean, does not soil the dress or the skin, and its effect upon the **appearance** of the hair is **everything that can be desired.**

It not only **promotes**, but **preserves** a luxuriant, handsome growth of hair in its natural color through life.

Wit and Humor.

A gentleman who had carefully trained up his servant in the way he should go, so that when his wife was present he might not put from it, sent him with a box ticket for the theatre to a young lady. The servant returned when the gentleman and his wife were at dinner. He had of course been told, in giving answers to certain kinds of questions, to substitute the masculine for the feminine pronoun in speaking of the lady.

"Did you see him?" said the gentleman, giving him the cue.

"Yes, sir," replied the servant; "he said he'd go with a great deal of pleasure, and that he'd wait for you, sir."

"What was he doing?" asked the wife, carelessly.

"He was putting on his bonnet," was the reply.

There was "fit in the fire" immediately.

Smith says it is a curious fact that reckless captains are the most liable to wrecks.

New York and Boston

Cheap Cash Store.

C. G. HANDY & SON

WILL be ready and happy to exhibit on sale, to their friends and the public, their carefully selected, NEW STOCK of DRY GOODS, on

MONDAY MORNING, 28th inst.

These Goods were selected and purchased the present week, by the senior partner, assisted by an experienced Staples Maker, from the extensive assortment of Messrs. Alexander J. Stewart & Co., Broadway, Chambers, and Reade streets,—and from Manufacturers, Manufacturers' Agents, Importers and Jobbers, and at Auction Sales in New York.

And in calling your attention to an examination of this Stock we would say, that Dry Goods have been purchased the present week at wholesale, at from 10 to 20 per cent. less than at any previous time for the past six years; consequently, you have reason to expect GREAT BARGAINS, and will not be disappointed, as our motto is "large sales (for Cash at the counter) and small profits."

We are confident, if you will call and look at the Goods before purchasing elsewhere, which we shall be too happy to show, whether you purchase or not, you will be tempted either to purchase or advertise us, as we claim to be the

NEW YORK & BOSTON CHEAP CASH STORE.

Weekly additions will be made to our stock of such goods as are desirable. Personal attention given to the purchases and sales of them, and we confidently expect to change our whole stock every fortnight, the benefit being to the purchaser and proprietors mutual.

Alpine Bitters.

THE ALPINE BITTERS, imported exclusively from Switzerland, is made from Herbs and Roots, harmless in themselves, but marvelous in their strengthening properties. Their recuperative qualities are unrivalled, and are especially efficacious in all cases of Female Debility, arising from any cause, whatsoever; also, for Dyspepsia, Indigestion, Weakness, Nervousness, Loss of Appetite, and as a positive preventive of Chills and Fever.

The ALPINE BITTERS have a soothing and restoring influence upon the system, especially upon the digestive organs, and is highly recommended to ladies and even children in delicate health, and to all who are averse to taking wine, poisonous Whiskeys and other stimulants.

The continually increasing demand for this universal popular EUROPEAN TONIC and ANTI-DYSPEPTIC ELIXIR, has induced the undersigned to make such arrangements abroad as will enable them constantly to supply all orders with which they may hereafter be favored.

Can be obtained by all Druggists and other dealers.

A Card.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Sexual Organs, and the whole train of disorders brought on by Impurity and Nervous Debility. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, free of charge.

690 MILES

OF THE

UNION PACIFIC

RAILROAD

Are now finished and in operation. Sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, much and money can do to secure the completion of this

GREAT NATIONAL WORK,

at the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A Government Grant of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A Government Grant of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A Government Grant of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A Government Grant of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and no more. The Government PLEDGES the Taxation for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first class Railroad, laid with a heavy Trail, and completely supplied with depots, stations, turnouts, workshops, locomotives, cars, &c.

V.—A Capital Stock Subscription from the stockholders, of which over *Eight Million Dollars* have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—Net Cash Earnings on its Way Business it is already amounting to more than the interest on the First Mortgage Bonds. These earnings are no indication of what the through traffic must follow the opening of the line to the Pacific, but they certainly prove that

First Mortgage Bonds

upon such a property, costing nearly three times their amount,

Are Secure beyond any Contingency.

The Company have abundant means in their treasury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely satisfactory; but they commit that, by cause security and liberal returns, there is certainly no better investment in the market.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these Bonds pay an annual income on their cost of

NEARLY NINE PER CENT,

AND IT IS BELIEVED THAT THEY MAY SOON BEAR A PREMIUM.

The Company reserve the right to advance the price to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum from the date on which the last coupon was paid. Subscriptions will be received in Newport by HENRY BULL & CO.; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No. 59 Wall Street,

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

Economy, Durability, Perfection of Finish, Capacity, Beauty of Design and Convenience.

Can be used with Water Pipes attached to Reservoirs, or with moveable Reservoirs, has a

Ventilated Roasting Oven,

Which can be used separately or in connection with the BAKING OVEN, by removing a single plate, thus giving one of the LARGEST OVENS ever constructed.

We respectfully invite those who are not satisfied with their present arrangements for COOKING, to make careful examination of this STOVE, honestly believing that it combines the elements of simplicity, utility, and economy, more perfectly than any apparatus heretofore introduced. For sale by

BROWN, GODDARD & BARLOW,

Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air-chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful housewife; the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain, or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

C. A. RICHARDS & CO.

Would most respectfully solicit the attention of the

DRUG AND GROCERY TRADE

Throughout the country, to the

VERY HIGH AND RESPECTABLE TESTIMONY

THEY HERE SET FORTH.

They have in their possession a paper bearing the actual signatures of these leading Wholesale Druggists, besides the signatures of all the large Druggists in the principal cities in the New England States.

We, the undersigned, Wholesale Dealers in Drugs and Patent Medicines, &c., in Boston, would say in answer to an inquiry made by Messrs. C. A. RICHARDS & CO. that we believe the

"SONOMA WINE BITTERS"

made by them, to be the very best article of the kind that has ever been placed before the American public, and that it needs a positive want, inasmuch as there was no other well known Bitter made with PURE CALIFORNIA WINE. Until Messrs. C. A. RICHARDS & CO. placed their article upon the market.

The formula for manufacturing these Bitters has been explained and exhibited to us by Messrs. C. A. RICHARDS & CO., and it has elicited our cordial approval as a thoroughly scientific preparation. Although but a few months have passed since its first introduction, we already consider these Bitters a standard article in our business.

is not convincing proof that our Bitters are fully entitled to the place they now occupy as the best and most saleable Bitters now before the public.

MEDICAL AND SURGICAL OFFICE,

No. 48 1-2 Howard Street, Boston.

DR. W. F. PADELFORD gives exclusive attention to all diseases of the genito-urinary organs, and all diseases of a private nature in both sexes.

DR. PADELFORD has gained a greater celebrity for the cure of the above diseases than any physician in America. His great success in these long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy the extensive patronage he has received. Therefore, persons afflicted with diseases of the above nature, no matter how disheartening the case may be, would do well to call on Dr. Padelford, at his office, and if not effectually relieved, no remuneration will be required for his services.

It is deplorable to witness some of the cases that are presented to him, where the disease has been driven into the system by quacks, the abuse of Mercury and Copaiva, &c., to break out again in the forms of spots and ulcers on the body, pain in the joints, sore throat, night sweats and emaciation.

DR. PADELFORD is admitted by the best medical talent of the country to have no equal, and it is no unusual occurrence for physicians in regular practice to recommend patients to him for treatment when afflicted with diseases in his specialty.

TO YOUNG MEN.

Seminal Weakness, or Constitutional Debility, brought on by secret habit indulged in by young men—this is one of the greatest evils that can befall man, for it begets disease of the heart, consumption, dyspepsia, emaciation of the frame, and finally ends in complete idiocy. By causing a rush of blood to the head, it often terminates in apoplexy.

Persons suffering from NERVOUS DEBILITY, especially those contemplating marriage, should lose no time in making immediate application.

TO FEMALES.

Females will receive the most scientific attention, both medically and surgically, with private apartments during sickness, and with old and experienced nurses, if they wish.

DR. PADELFORD'S FEMALE MONTHLY DROPS, for Suppression, Irregularities, &c., &c., warranted in all cases. Price $10—sent by express to any part of the country.

The poor advised free of charge. Physicians or patients wishing his opinion or advice, by letter, and enclosing the usual fee, will be answered by return mail.—m&tj1y
